EVERYTHING YOU NEED TO KNOW ABOUT RENTING A PORTABLE TOILET

There are countless circumstances where you may find yourself in need of a portable toilet. Portable toilets are most popularly rented for:

- Backyard Parties
 - Concerts
 - Outdoor festivals/events
 - Outdoor weddings
 - Construction Sites, etc
-

- ✚ All of our portable toilets come with toilet paper and antibacterial hand sanitizer dispensers.
 - ✚ Separate hand washing stations may also be rented,
 - ✚ Because a portable toilet does not use traditional plumbing, a powerful deodorizing chemical is used to disinfect and manage waste. These chemicals are blue and are found in the bottom of the portable toilet.
 - ✚ Portable toilets do not require any special hookups.
-

Long Term portable toilet rentals are serviced once weekly and resupplied with paper, sanitizer, cleaning the interior and pumping the waste tank.

Portable toilets can be placed anywhere that is a level surface as long as a service pump truck can access the toilet (within 40 ft).
